If these Tradition females carry any blood of their paternal granddam, the great HA Beletta 0219 cow, they will certainly not hurt any breeding program, new or old. FANCY FANCY heifer here!

This is Erika's offering and the only Huck female we are offering this spring. We sold three last fall and they were very popular, averaging \$2400.00. Thank you Dale & Jan Metz of Regina, Megan Hall of Edam, Sask., and Tag Clemence of Kennedy, Sask. For purchasing these good Huck daughters.

A big strong female out of our Betsy cow line again. Lots of maternal stacked in this pedigree. Crescent Creek Main Event 6H, Masterplan 007, Bando 9074, and the BBAR Hero 1267 bull should work out well into the future.

RK for OTHERS

We would like to take this opportunity to thank the people who help us out throughout the year. The people who did our haying while we were in Calgary at the Forum and in Prince Edward Island at the Canadian Junior Showdown with Erika. We always have been strong supporters of Juniors and their activities. The family and neighbors who do chores for us while away in the fall, all the kids who work for us at the shows and sales we participate in . We don't dare list any names, you guys know who you are! THANKS AGAIN!!!!!!!!!!!!

THANKS to the bidders and buyers that have supported the Eastondale program and made our success possible!
