ONLINE BIDDING AND VIDEO INFORMATION

This year our sale will be hosted by DVAuction as an Online-Only, Horse Race Style Auction. To get in on the action, follow these simple instructions:

1. Create an account at www.dvauction.com under the “Create New Account” link.
2. Apply for bidding approval by clicking on the “details” tab at least 24 hours prior to the auction. You will be notified once you are approved.
3. Find the “Eastondale Angus Summer Celebration Sale” (Online Only) under Upcoming Timed Events to view the entire sale offering and videos.
4. Place your bids between 9:00a.m. CST October 2nd through to 7:00 p.m. CST October 3rd.
5. Proxy bidding- if you can’t make time to keep an eye on the sale or be available for the close out, register a proxy bid and let the DVAuction system represent your bid while you are away. Look for the “max bid” tab on the auction listing and fill in your maximum bids. DVAuction will handle the rest in strict confidence.
6. All Lots will close at the same time. Bidding will be extended by 5 minutes if a bid is placed on any lot within 5 minutes of the closing time.
7. Have some fun and don’t hesitate to call or text Dale (306) 577-7456 or Shane (306) 741-7485 with Eastondale Angus and Castlerock Marketing with any question you have about the offering.

WELCOME TO OUR SUMMER CELEBRATION SALE

Welcome to our 2020 Summer Celebration Production Sale! We are extremely excited and proud of this offering. Some years it seems the stars line up and everything works and that is what happened with our 2019 born calf crop. Both the male and female calves born showed their strengths from an early age. Last summer when these heifers were on the cows, we knew we would like to try to do this event, so HERE IT IS!

This will not be an annual event for now, it will be a one-time deal. We still believe we could not part with this many females and keep strength in the cow herd to maintain quality bulls for our customers every year.

As you see our format will be an online horserace style timed auction. With the successful bidder taking their choice of the pair of females and we will retain the other. We realize the sale may be earlier than the traditional western sales so we will work with all buyers somehow to ensure your crop is off or your calves or cull animals are sold. Delivery can be worked out to central locations. Cattle will not be transferred until paid in full or previous arrangements have been made.

The bred females were ultrasound preg checked by Dr. Tyson Buyer on August 5th. We did keep a close watch on the females during breeding season but if there is any questions with parentage of resulting calves we will look after that cost.

We invite anyone to come out and look at the females prior to close out on October 3rd and we do plan to have an event at the farm anytime after 2:00pm on sale day. Please plan to be with us October 3rd for some Eastondale hospitality.

We would like to thank all that joined us on our stop of the S.E Sask Angus Showcase to see the first preview of the sale cattle; it truly was a great day and event.

Videos of the females will be posted online approx. two weeks prior to sale day. We would like to thank all our sale staff who helped us with this event. Shane Castle & Mark Forsyth with Castlerock Marketing both know our program extensively. Mark Holowaychuk of OBI Livestock Ltd. and Darnell Fornwald of First Class Cattle Marketing have both been through the sale cattle and would be able to assist you with any questions or purchases. Sarah Buchanan of Golden Thread Livestock Images and DV Auctions who can answer questions about how it works and get you set up to bid.

Please do not hesitate to call us if you have any questions at all. We would be glad to try to clear up any questions you may have.

Good luck with your fall and the many things on the list in preparation of the shorter days ahead. Hope to see you down the road and best wishes for the year ahead!

■ Nolan 306-575-6955

Welcome to a special event at Eastondale Angus, the Summer Celebration Sale is unique and a one of a kind to date for this program. Never before have all the heifers been offered for sale in this exciting format! The Easton family has been breeding cattle for over 70 years and going through the cows it's evident that they have kept their eye on the ball in creating the end target, the Angus cow. Dale has referred to the fact that the females themselves comes first when it comes to genetic selections and it's very apparent when touring the cows! A number of Angus breeders gathered in for an Angus tour which ended at Eastondale Angus and the number of positive responses to the cow calf pairs and of course all the bred heifers and their overall quality and balance as a group of "good honest cows" is exciting!

We at Castlerock have worked closely with Eastondale Angus for almost 20 years and it has been a pleasure in helping source genetics for the herd but as well as marketing them as well! It's rewarding to know the cows in the pedigrees and watching their production over the years and seeing the cow families flourish!

We will be at Eastondale Angus the day before and the day of the horserace auction should you have any questions regarding the offering, the cows behind them feel welcome to contact any one of us we are here to help! Better yet join us Saturday afternoon to view the sale cattle and some Angus fellowship!

See you sale day!

JUNIOR INCENTIVE

Any Junior purchasing a heifer transferred into their name will receive \$250 off their purchase.

If that heifer is shown at the CJAA Showdown next year they will receive \$250 cash as well.

TERMS & CONDITIONS

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of Registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or Telephone Bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and Obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.

The Windy daughters we have in herd are nice uddered, correct and moderate made. Windy 6A was probably the best bull we have ever raised and sold in our 2014 bull sale to Forsyth Ranch for \$18,000 for ½ interest.

This is a definite sale feature lot with a couple of outstanding individuals. Again, both heifers have very good mothers. In fact, the mother of 133'19 was chosen as JPM Farms pick of our herd flush female a couple years ago. The mother of 119G is a big bodied cow and definitely passed that onto her daughter 119'19. This will be an interesting choice, but we will be ecstatic to put either of these females back into our program.

VK 119G – Bred AI Brooking Real Estate April 22nd (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

This pair of females may not be the biggest, most powerful females but we strongly believe they will make outstanding breeding females. Their sire was purchased privately from Younk in Angus Ranch in Hamilton, Montana for his maternal power and strengths. All kinds of old maternally strong bulls in Rito 7175's pedigree. Both sale heifers have really nice mothers. 142'19's dam raised a \$13,000 bull selling to Borderland Cattle Co. at Rockglen, SK. She is an outstanding individual with a super foot under her.

A Coleman Bravo
May 7th; Exposed to
Lorenz Endurance
4F May 26th to June
28th. Observed bred
June 21st.**

A very unassuming pair of females in this lot until you really start to analyze them. Both moderate in frame size but both long bodied, deep flanked with super teat design underneath them. Both have outstanding cow families behind them; the Forever Lady's and the Beletta's. This could very well be the sleeper lot of our offering.

VK 146G – Bred AI KG Justified April 22nd (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

Ok people this will be interesting for sure! This pair of females put a smile on my face every time I see them. Both females have very nice mothers that have a good cow family framework behind them. 29'19 was definitely a favourite of many visitors at our SE Sask Summer Showcase in August. But I did hear people chattering about 92G as well. 92'19 has a full sister heifer calf that is a standout as well. I believe in the future of either of these females!

VK 92G – Bred AI Coleman Bravo April 28th (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

A pair of big powerful outstanding Merit Sting daughters with proven dams still working in our herd. You cannot go wrong with the cows behind either of these females.

VK 71G – Bred AI Coleman Bravo April 20th; Exposed to Lorenz Endurance 4F May 26th to June 28th. Observed bred June 17th.

VK 51G – Bred AI Coleman Bravo April 28th; Hand bred to Lorenz Endurance May 20th; Exposed to Lorenz Endurance 4F May 26th to June 28th.

This is a pairing I really, really like. 50'19's dam is a model Angus female; you just cannot beat Rogue 203H daughters. People certainly found her on our tour stop. The mother of 110'19 is an elite dam in the Canadian herd book. There is a tough choice to be made here, but I do not think one will go wrong either way!

VK 50G – Bred AI KG Justified May 1st; Exposed to Lorenz Endurance 4F May 26th to June 28th.

Both these females go back to very maternal breeding bulls that have left a mark here. If a female has Duration or Dryland Max in her pedigree do not overlook her. Plus note the Forever Lady cow family in the 139'19 female.

VKE 46G – Bred AI KG Justified April 26th (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

VKE 139G – Bred AI KG Justified April 20th (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

We were ecstatic to be able to purchase the Border Butte Fundamental bull as a mature bull from the great people of Blast Angus in BC. We found this bull as a yearling when he sold through the Border Butte bull sale in the spring of 2015 but did not have enough bullets to buy him. We watched him do an outstanding job breeding at Lia's place and patience persevered as we were able to buy him. Fundamental did an outstanding job here as well. The daughters are extremely nice, and the guess work is gone as they have made super cows.

VK 164G – Bred AI Brooking Real Estate May 1st (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

Here is a pair of high-quality Merit Sting daughters that are out of two of the best cows on the place representing two of the best cow families we have. The dam of 22'19 is an elite dam and the mother of a very good female working at McNabb Angus of Mervin, SK and one of her daughters also raised the mother of our lead off bull in this springs bull sale. The dam of 55'19 is a beautiful cow with high udder quality and fleshing abilities. A sister to 55'19 was selected by Hamilton Farms out of the 2018 Masterpiece sale. We are positive 85Z will be on the shortlist for the Pick of the Herd Flush lot.

Coleman Bravo May 3rd (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

Very solid pair of deep bodied HF Reflection daughters. Note the 112'19 female comes from the great Enchantress cow family that has been a cornerstone cow family in the Cudlobe cow herd. There are some outstanding cows in this female's pedigree, HF Tibbie 77Z, HF Tibbie 100M, Cudlobe Enchantress 47H, Stevenson Enchantress 425F and Soo Line Dana 9028.

VK 43G - Exposed to Lorenz Endurance 4F May 26th to June 28th. Observed Bred May 30th.

A pairing of bigger framed stylish made females. 140'19's dam was purchased from Forsyth Ranch and did a very nice job here, lasting until her 12th year. The 147'19 female stems from the faithful Countess cow family. If you are looking to add some performance to your operation grab onto one of these females.

VK 147G – Bred AI Brooking Real Estate April 29th; Hand bred Lorenz Endurance 4F May 18th; Exposed to Lorenz Endurance 4F May 26th to June 28th.

VK 140G – Bred AI KG Justified April 24th (Safe); Exposed to Lorenz Endurance 4F May 26th to June 28th.

Highly recommended pair of females! 61'19 is owned by Erika and the more you study this female the more you love her. Really nice capacity but very angular in her front end and her mother is a beautiful uddered, moderate framed female out of Erika's outstanding Bonnie Lady cow family. 151G is so royally bred just look at that female making pedigree. Her mother is probably raising our best bull calf this summer. We did not manage a picture of this female as she does have a mind of her own. Her mating to Bravo could be a bell ringer.

Again another impressive unassuming pair of females that will get outpowered by some of the other choices in our offering. 15'19 has a full baby sister that is a peach of a female and is being raised by a super reliable 11-year-old cow. 130'19 is a heifers first calf and is sired by a high selling bull we purchased from Forsyth Ranch in their 2017 bull sale. His dam went on to be the high selling cow in their reduction sale selling to Boundary Angus. Muldonado has been our go to calving ease bull here.

VK 159G - Bred AI Ellingson Homegrown May 11th; Exposed to Lorenz Endurance 4F May 26th to June 28th. The mating is too close to call so we will cover DNA costs.

Merit Sting 7047E wrote a story not many other bulls can write. He and his powerful herd bull making dam excelled together in the showing and then Sting went on himself to rise to the top of the class and stood in the winners circle many times. We acquired a semen package on him and did he ever do a job here. His sons were easy to sell to our commercial customer with performance, hair, and great scrotal development. The sting daughters in this offering can easily be found. This is an outstanding pair of heifer calves out of very good uddered cows that should warrant looks in the pick of the herd opportunity.

Heifer Calf

CHOICE LOT 31B

Heifer Calf

We had the foresight to use McCumber Tribute 702 in our program and boy we were glad we did! Reports out of other programs such as Poplar Meadows, Blairs.Ag and McCumbers seem to be echoing our results. This choice lot is an outstanding pair of females which we believe will make very good cows down the road. Both these females are out of heifers who are out of two of the best cow families here, the Forever Lady's and the Blackbird's. Throw a dart with this choice.

Heifer Calf

Lot 33 - Pick of the Herd Flush Opportunity

We are once again opening our herd for someone to purchase frozen genetics from our program. You may have a sire you would want to try on our cows. We believe there are many cows worthy, some of the cow families are Forever Lady, Cassie, Gammer, Pauline, Countess, Blackbird, Bonnie Lady to name a few.

We will offer you two options.

Choice 1: The choice of one cow out right with the guarantee of six viable embryos up to a maximum of 12 then split evenly after between buyer and us.

Choice 2: The second option would be the selection of two of our females and then the embryos would be split evenly between buyer and ourselves guaranteeing you six embryos and anything after 12 would be the buyers alone.

We would like the flush to be done in next years breeding season to allow the cow/cows to be rebred in a timely matter.

Half down upon purchase and the remainder paid after flush completion. Flush costs at the expense of the buyer in choice #1 and split in choice #2.

Two lots of 10 straws
This bull is the reason we stepped out and purchased the \$20,000 GDAR Forever Lady 9136 cow in the 2005 Dryland Angus Dispersal. We will be going back and using this bull. He has impeccable foot structure and his daughters have longevity in them. A real outcross choice for a lot of the herdbook these days.

Density will go down as a legend in the Angus breed for his females. They are exactly what Angus cows are supposed to look like with their great udders, soundness and overall production. Here's an opportunity to purchase some sexed female semen to make your own females.
