TO BID ONLINE

Please follow these steps to register to bid online:

- 1) To Bid Online visit www.livestockplus.ca. A sale listing can be seen on the home page.
- 2) Click the Register to Bid Online Button to the right of the sale you are choosing to bid on.
- 3) We converted over to a brand new system at the end of November 2018 to make the bidding experience more enjoyable. Therefore, your old account will not work. You will need to create a new account. Once created a link will be sent to confirm the account and you will receive a username to be used with the password you have created.
- 4) If you have already created a new account then proceed to the Logging into the Auction with your username and password.

It's very simple, if you have any problems please contact: 306-631-9254

Welcome to our Annual Bull Sale, firstly I would like to congratulate you because if you are reading this you have likely persevered the cow business to finally enjoy the better times. But don't quit now because I believe these better times are here for years to come. So does this mean go blow the budget? Of course not, be diligent and buy the best bulls you can for the traits that you are focused on, whether it be performance or maternal traits. Now is the time to turn the older bulls in and trade up, better genetics will always pay off.

We trimmed the numbers in the sale to make sure we were not trying to sell bulls not worthy of going to work in your pastures. We are extremely fortunate in having a high percentage of repeat customers and value that relationship very much but always enjoy meeting new people and seeing new faces to try out our product as well. We appreciate if you consider our program and should you select our product you will receive the same professional treatment that we give our regular customers. We did wean this set of bulls earlier then we ever have last fall due to pasture conditions but as you can see we were careful in their development. With the work of a nutritionist, feed samples and a balanced TMR ration the bulls were geared towards a 3lb a day gain keeping the long term health of the bulls in mind. We feel this gives you the chance to see what traits may best express themselves for what you may need or are looking for.

We would welcome a presale tour through the pen allowing the convenience to select the bulls that best fit your program, it is important you get the bull you are looking for. Spring is here, the days are longer, anytime is a good time to stop in to look. Erika, Nolan or myself would be more then happy to walk you through our offering. I believe we have a very nice selection of calving ease and mature cow bulls. Call us anytime to discuss your needs or our bulls if you can't make it before sale time or sale day so you can bid with confidence in our sight unseen.

We would love to see you April 1st to enjoy our hospitality for the day and visit with other producers like yourselves enjoy the high times in the business, definitely a great time to own them. Our family has been selling Angus bulls for 3 generations and working on our 4th, this is our livelihood and looking after our customers is what it's all about.

Yours Sincerely,

*Dale, Shelly & Erika
Nolan Glover*

CRMA A WORD FROM CASTLEROCK

Working with the Easton family is now spanning into the third decade and over that time we've seen a lot of changes in every aspect of our lives. What hasn't changed is the commitment and focus to fine tuning the cow herd and the genetics to not only serve the cowherd but most importantly the customers. Breed good cattle to good cattle and aim for the important traits and the rest will fall into place. Having a highly maternal cowherd has always been placed in high regard and keeping your eye on the bull and not lose focus serves great benefit down the line. The herd speaks for itself and it doesn't take long to see the "style" that the Eastondale herd offers and is easily appreciated. The pen has been strictly culled hard

to meet your satisfaction and a quality standard. But the cows that bring these bulls in is really the cherry on top, they are important and reflect their consistent production. You will notice some important cows on the top and bottom side of the pedigrees.

Watch for the videos online a few weeks before the sale. Study the offering and make sure you take the time to go through the pen with the Eastondale crew. Ourselves at Castlerock Marketing know the herd well and are available to offer any help we can in assisting in your selection criteria!

Shane Castle

TERMS AND CONDITIONS

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of Registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, Bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or Telephone Bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and Obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
